WHY ENOVA DVX 4K60 MAKES THE DIFFERENCE

The Standard for Thousands of Worldwide Switching Installations

Why AMX Enova® DVX 4K60 All-in-One Presentation Switchers?

The Enova DVX 4K60 All-in-One Presentation Switcher is a unified audio, video, and control device that replaces a rack full of equipment for a solution that is easier to install, more reliable and delivers the lowest Total Cost of Ownership in the industry, thanks to ease of support, maintenance and configuration, as well as reduced hardware and cabling costs.

Perfect Picture

With support for 4K60 4:4:4, HDMI 2.0 and HDCP 2.2, these Presentation Switchers allow end users to realize the full potential of their source and display devices.

Simple Configuration & Support

Our award-winning HTML5 web-based configuration tool, internal ICSLAN network, and auto-configured transmitters and receivers allow for automatic configuration of endpoints and alleviate the need for proprietary configuration software.

Legendary HARMAN Audio

- Crown DriveCore amplifier with 8 Dante inputs and 8 Dante outputs as well as analogue inputs and outputs; 120W per channel stereo at 4/8 ohms, 120W mono at 70/100 Volt.
- BSS audio processing.
- dbx AFS2 Advanced Feedback Suppression.

AMX Secure 4K Solutions – Designed To Go The Distance

Enova® DVX 4K60 All-in-One Presentation Switchers

TRADE UP TO DVX 4K60

US, Central America & Mexico Sales Promotion

Promo 1: Trade-in to Trade-up

Offers a discount on each AMX Enova DVX-2265-4K or Enova DVX-3266-4K purchased and installed as a replacement for eligible Enova DVX Presentation Switchers and select competitive models. See eligibility requirements below.

Eligibility Requirements:

- Offers the ability to purchase a single unit, at a promotional price, for each qualifying trade-in product to be replaced. Qualified trade-in products include eligible Enova DVX Presentation Switchers and select competitive models.
- Contact your local HARMAN Sales Representative to request a quote, subject to discount approval process.
- Trade-in products to be verified by HARMAN Vertical Sales Manager or Regional Sales Manager and will be sent to a recycling facility once removed. No products to be sent to HARMAN.

Promo 2: Buy One, Get One

Provides a free TP Control App license with each eligible purchase of an AMX Enova DVX-2265-4K or Enova DVX-3266-4K. The TP Control App enables a tablet, mobile device, or other customer-owned devices to be transformed into a fully functional user interface for controlling AMX System platforms.

Eligibility Requirements:

- Contact your local HARMAN Sales Representative to request a quote, subject to discount approval process.
- Dealer to identify the desired TP Control App so that the appropriate discount can be applied: TPC-ITOUCH-PHONE, TPC-IPAD, TPC-ANDROID, TPC-ANDROID TAB, TPC-WIN8-TAB.

Additional Terms & Conditions:

HARMAN reserves the right to modify or cancel these promotions at any time without notice. Applicable discounts to be applied to direct purchases through 3/30/2021, with associated pre-approved quotes as described in promotion eligibility requirements. Fulfillment of qualifying orders is subject to product availability.
