

Take team collaboration to the next level by combining Samsung Flip together with Cisco Webex Room Kit Mini.

Experience Work Transformation. Today.

Webex on Flip combines the video conferencing capabilities of a Cisco Webex Room Kit Mini with the white boarding and content capabilities of a Samsung Flip. With Webex on Flip, users experience a smooth video conference in crisp, clear clarity. Collaboration is the core focus of Webex on Flip, allowing multiple meeting participants to share the screen in real-time and create the most efficient meetings possible

Cisco Webex Room Kit Mini

Flip 55"

Flip 65"

Key Features and Benefits

Perfect video conferencing solution

Cisco's Webex® Room Kit Mini provides industry leading AI-powered video conferencing features for smarter meetings. Integrated cameras automatically detect meeting participants and provides ideal framing while automatic noise suppression reduces meeting disruptions.

Wireless presentation

Webex on Flip allows users to utilize their own laptop or mobile with a wireless connection to easily share content with others.

Multi-way collaboration

Real time, multi-way white boarding allows meeting participants in different locations to share the same screen and make edits. Users can annotate, delete or add content, all at the same time creating more efficient and collaborative meetings.

Best-in-class digital flipchart

With Flip's unique features, users experience smooth pen to paper like writing and can easily change content with the editing and annotation tools. An embedded web browser and document viewer provides comprehensive functionality without the need of an additional device.
