

VELOCITY MEETING ROOMS

Preconfigured Meeting Space Solutions for How You Work Today

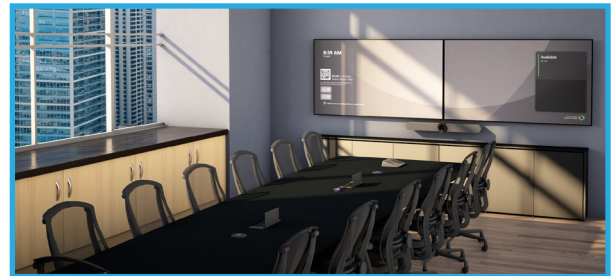

Think a new meeting room solution requires a complex planning process or a capital expenditure? Think again. With ready access to your network and an existing power outlet, Velocity Meeting Room solutions from AVI Systems can be ordered in minutes and installed in hours.

Velocity Meeting Rooms are for when you:

- Need a solution in place fast
- Can't or don't want to do any construction
- Want to convert an existing meeting space to a full-featured Microsoft Teams or Zoom room
- Want consistent, reliable, manageable collaboration spaces

STEP 1

Pick your preferred platform

STEP 2

Choose between Classic and Signature

VELOCITY CLASSIC (16:9)

Traditional meeting room solutions, available in single or dual display configurations

Single or dual HD display systems, optimized for Microsoft Teams (requires Teams Room Pro license) or Zoom. Solutions are available in Microsoft Windows or Android configurations. Floor Supported technology enclosures or On-Wall mounting systems minimize construction.

Best for meeting experience where the in-room participant takes priority.

VELOCITY SIGNATURE (21:9)

Solutions designed to improve remote participant experiences

Wide aspect ratio display systems, optimized for Microsoft's Front Row layout (requires Teams Room Pro license). Automatic camera framing improves remote experiences. Free standing technology enclosures support open area and window-wall installations.

Best for meeting experience where the far end participant takes priority.

ALL SOLUTIONS INCLUDE

Appropriate display size for room	✓
Wired presentation connectivity	✓
Mounting solutions	✓
