

# Collaboration and Display Solutions for All Levels of Government

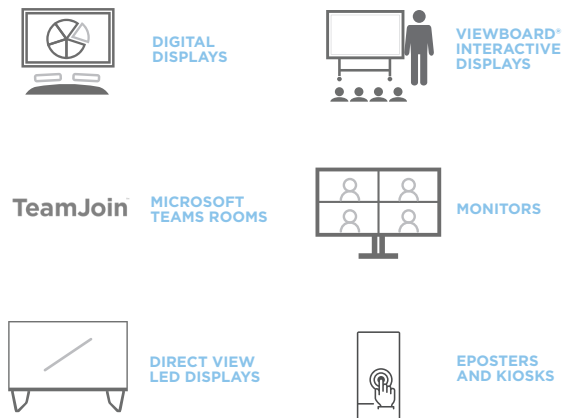

From Workstations to Command Centers

LOOKBOOK

# Enhanced Collaboration and Mission-Critical Decision Making

Empower all levels of government with ViewSonic's flexible visual solutions. From ViewBoard® interactive displays for huddle spaces and conference rooms, to USB-C docking monitors for workstations, we enable secure collaboration, boost transparency, and maximize productivity.

## Digital Displays

Communicate more effectively with staff via high-impact, commercial-grade displays featuring up to 4K resolution and 24/7 operability. Quickly and easily broadcast content ranging from welcome messages, agency information, news and announcements, safety protocols and more.

- Ultra HD 3840 x 2160 resolution
- Flexible installation supports landscape and portrait option
- Uniform bezels and HDMI connectivity ideal for up to 9-screen tiling
- FREE vCast™ content sharing software enables streaming from virtually any device
- ViewSonic Manager™ and vController™ software provide a simple and intuitive interface for remote management
- Crestron Connected® as well as Extron and AMX certified for seamless integration and automated control

### IDEAL FOR:

- Lobbies
- Meeting rooms
- Huddle spaces
- Walkways
- Hallways

- VB-WPS-003 (HDMI/USB-A) ViewBoard Cast button
- TeamJoin™ TRS10 and TRS10-UB for Microsoft Teams Rooms

## TAA-Compliant Digital Whiteboards

Solutions that are compliant with the Trade Agreements Act (TAA) are incredibly important for the high-performance computing industry where secure technologies and equipment are required. The ViewSonic ViewBoard IFP52-1TAA series of interactive flat panel displays are TAA-compliant and are ideal for collaboration in government and private sector environments, meeting rooms and huddle spaces.

- These displays support GSA schedule needs within the federal government
- Crestron, Extron and AMX compatibility for simple and secure integration of large deployments within your existing AV network infrastructure
- Up to 33-point touch allows multiple users to simultaneously write or draw on the display's surface
- Palm recognition technology minimizes errant touch inputs from palms, wrists, sleeves, etc., so that users can write and annotate freely
- These professional-grade displays are designed for reliable use 16 hours a day, 7 days a week

# TeamJoin™ Solutions for Microsoft Teams Rooms

Start your meetings with a single touch thanks to ViewSonic® TeamJoin™ solutions for Microsoft Teams Rooms. Designed to deliver instant and intuitive collaboration without a complicated setup process, our Microsoft Teams Rooms certified solutions help to enhance communication, foster collaboration, and promote inclusivity among your diverse teams, regardless of their locations.

Together with our variety of display technologies and screen sizes, ViewSonic TeamJoin delivers a comprehensive audio-visual collaboration experience for any Microsoft Teams Rooms meeting space.

- One-touch video conferencing collaboration
- Options include a computing engine, touch console and 4K video bar system
- Intel 12th Gen Core processor and TPM 2.0 for enhanced security
- One-stop solution that can easily scale based on your needs and meeting space size.
- Provides optimized setup, crisp audio and crystal-clear video performance
- Intuitive controls let users start meetings instantly

## IDEAL FOR:

- Meeting rooms of various sizes
- Huddle spaces

## AVAILABLE MODELS:

- TeamJoin TRS10 (includes computing engine and touch console)
- TeamJoin TRS10-UB (includes computing engine, touch console and 4K video bar system)
- MPC310-W31-TU computing engine
- MRC1010-TN touch console
- UMB202 4K video bar system

# All-In-One Direct View LED Displays

ViewSonic® Direct View LED displays deliver flexible big-screen sizing and effortless installation in a single solution. Massive screens create an unparalleled platform to showcase mission-critical imaging in government control centers.

- All-in-one design includes LED tiles, AV hardware and software, power supplies, and cables
- Available in a variety of screen sizes – so you can simply pick a size that is right for your space
- The ViewSonic® LDS135-153 Direct View LED Mobile Display is a perfect solution for multipurpose rooms and auditoriums thanks to an included flight case, mobile cart and convenient foldable 135” screen
- With 120% Rec. 709 color accuracy, up to 4,440Hz refresh rate, high brightness and a greater contrast ratio, these displays deliver jaw-dropping, lifelike color and stunning images
- Select models feature Glue-on-Board (GOB) surface treatment technology and IP54-rated LED modules that provide enhanced protection against collision, dust, and moisture — making them ideal for public spaces

## IDEAL FOR:

- **Command centers**
- **Large conference rooms/training rooms**
- **Public areas**

## AVAILABLE MODELS:

- LDS135-153
- LDP135-151
- LDP163-181
- LDP216-251
- LDM136-151
- LDM163-182
- LDM231-251
- LDC Series

## AVAILABLE ACCESSORIES:

- VB-WPS-001 (USB-C) ViewBoard Cast™ button
- VB-WPS-003 (HDMI/USB-A) ViewBoard Cast™ button
- PJ-WPD-700 wireless casting dongle

## Digital Kiosks / ePosters

ViewSonic offers digital kiosks and ePosters designed for government communication. These all-in-one displays are built to withstand busy public spaces and come in various configurations, including wayfinding directories, check-in kiosks, and even hand sanitizing stations.

- Available in sleek single, or double-sided designs, our free-standing ePoster kiosks make it easy to replace old-fashioned backlit printed signs and are also great for wayfinding applications
- Options available for touchscreen and non-touchscreen solutions
- Powerful all-in-one SoC with built-in multi-core media player with 16GB storage for photo and video playback
- A convenient media player cradle can accommodate a PC or an additional mounted media player, while a lockable door keeps things secure and out of sight

### IDEAL FOR:

- **Lobbies**
- **Walkways**
- **Hallways**

### AVAILABLE MODELS:

- EP1052T-L/A/H
- VSD243
- EP2410-B1
- EP2410T-B1
- EP2710-B1
- EP5542 / EP5542T

### AVAILABLE ACCESSORIES:

- STND-042 kiosk stand
- STND-059 health flex stand

## Digital Podium

### myPodium™ ID2456 Interactive Display

We offer seamless conference room solutions to make meetings more engaging. Add interactivity to your presentations by pairing ViewSonic® myPodium™ ID2456 Interactive Displays with a projector or Direct View LED display.

- Advanced PCAP touchscreen with palm rejection and precision handwriting accuracy
- USB-C single cable plug-and-play for easy installation and up to 90W of charging power
- Cross-platform touch support for Windows, Android, ChromeOS and macOS
- A built-in ergonomic kickstand can be precisely adjusted through 55 degrees of tilt
- HDMI out for easy content mirroring to large screens

PCAP touch

4096 levels of pressure sensitivity

MPP2.0 active stylus

#### IDEAL FOR:

- **Conference rooms**
- **Training rooms**

#### AVAILABLE MODELS:

- ID2456

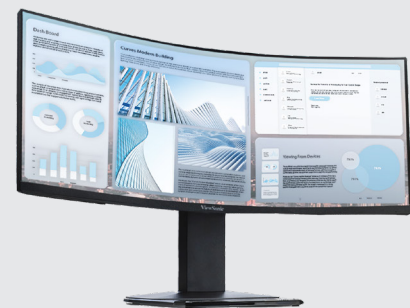

## Ultrawide Monitors

With more screen real estate, our 21:9 ultrawide monitors let you display more content, switch between applications more quickly, view documents side by side, and view multiple windows at once.

- 21:9 ultra-wide screens with wide-angle panoramic viewing
- USB Type-C single cable integration for video, audio, data and up to 100W power delivery
- HDMI, DisplayPort, and USB hubs offer plug-and-play connectivity for PCs, laptops and other devices
- Integrated docking stations

### IDEAL FOR:

- **Command center workstations**
- **Individual office stations**
- **All levels of government employees**

### AVAILABLE MODELS:

- VG3456a
- VG456C
- VP3456a
- VP3881a

# Productivity Monitors

Designed for busy government office environments, these monitors go beyond picture quality to boost work performance and productivity.

- Windows Hello-certified models include IR integrated camera for convenient facial recognition and a safe, password-free, single user sign-on
- With USB-C single-cable connectivity, RJ45 wired Ethernet connection and a USB hub for your accessories, there's no need for expensive docks
- Head-only SKUs feature two monitor heads without stands for quick deployment and lower TCO
- Paper-based packaging reduces landfill usage and lowers environmental footprint of government agencies
- Portable display options can double your screen space with just one USB-C cable that delivers video, audio, data and power

## IDEAL FOR:

- **Individual office stations**
- **All levels of government employees**

## AVAILABLE MODELS:

- VG2448a
- VG2455\_56a\_H2
- VG2756a-2K
- VG2457V
- VG2757V-2K
- TD1655
- VG1656-2K

## Carbon Neutral Initiatives

As part of our commitment to achieving Net Zero emissions by 2050, ViewSonic prioritizes sustainability throughout our operations. This dedication is validated by SBTi Net-Zero approval and ISO 14064 certification, demonstrating our focus on reducing greenhouse gas emissions through our comprehensive carbon neutral initiatives. We excel in crafting energy-efficient products that ensure operational efficiency and environmental responsibility.

- ViewSonic offers EPEAT-certified products, meeting strict environmental standards across a product's entire lifespan. This ensures minimal environmental impact, from materials to disposal
- ViewSonic's energy-efficient products, with features like ENERGY STAR, use less power than traditional models, saving government agencies money and reducing environmental impact
- By selecting ViewSonic, government agencies demonstrate a commitment to both fiscal responsibility and environmental stewardship
