EASY SCREEN SHARING FOR BETTER MEETINGS

Connect in seconds, not minutes.

Streamline your presentations, enhance collaboration, and succeed with our most connected displays yet – **the ViewSonic® CDE30 series of digital presentation displays**. Whether your employees are in office or working remotely, they will enjoy fast and easy ways to communicate thanks to ViewBoard Cast™ screen sharing software and the ViewSonic® Display app that allows up to four participants to connect and share content.

When compared to similar displays from Samsung, LG and NEC, ViewSonic CDE30 presentation displays offer more flexible casting, content sharing features, and versatile connectivity options.*

WIRELESS PRESENTATIONS

Use the ViewBoard Cast™ screen sharing software along with the web-based myViewBoard® Display app to allow up to four participants (on-site and remote) to connect and share their content regardless of what OS platform they are using (Windows, MacOS, Chrome OS, Android, iOS)

DEVICE MANAGEMENT

Included ViewSonic Manager™ software enables IT admin to securely setup, manage and maintain all of your digital displays from a centralized dashboard.

SUPERB PICTURE QUALITY

With 4K resolution, high brightness and 25% high haze anti-glare glass treatment, these displays deliver bright, clear and sharp images in any indoor environment.

FLEXIBLE INSTALLATION AND AV INTEGRATION

Screens can be mounted in either portrait or landscape mode, while thin bezels and HDMI 2.1 in/ 2.0 out allows for seamless 9-screen tiling. USB-C with 65W power delivery delivers additional convenience. These displays are Crestron Connected® as well as Extron and AMX certified for seamless integration and automated control.
